## GENERAL RETREAT

At the Battle of Dalin Hill the Russians Were Outflanked and Driven Back.

## FIGHTING LASTED FOR TWO DAYS.

The Japanese Actually Succeeded in Planting a Battery in the Rear of the Russian Position.

The Czar's Troops Got Revenge on the Japanese Cavalry Column—They Were Shelled With Terrific Effect and Scattered.

Hal Cheng, June 29.—Monday the Japanese troops attacked the Russians occupying Mao Tien Ling, Feng Chou Lin and Tallen Pass. Russian infantry and cavalry retreated, persuaded that the advancing divisions of Japanese operating against each of the three passes was stronger than their detachment.

In the attack on Tallen Pass the Japanese guards, besides other regiments, took part. The Japanese made a frontal and flank attack. There was a considerable force on both sides.

The total losses in the battle are yet unknown. Eighty wounded have arrived here and on Sunday last a hospital train with 200 passed, going to Liao Yang.

The fighting lasted the whole of June 26 and 27 and the Japanese successively pushed the Russians from three positions, occupying them with artillery as the defenders retired.

Wounded Russians recounting the two days' fighting say that the Japanese again demonstrated their reliance on their artillery and that they were greatly superior, both in number of men and in guns. On the second day of the fight they brought up a heavy battery which silenced the lighter Russian guns and caused severe loss. The Japanese artillery practice, however, was inaccurate and as is usual several times shelled empty positions or shot over the Russian columns.

The fight started at dawn, ten miles southwest of Dalin hill. A Russian rifle brigade held the position until noon in the face of a heavy artillery fire, but the Russians were finally outflanked by infantry and cavalry, the Japanese actually getting a field battery in the rear of the Russian position. Then the brigade fell back.

The Dalin hill fight continued from 4 o'clock until dark. The Japanese worked furiously all night long and replaced two batteries on the vacated Russian position.

The fighting was resumed at 3 a. m. on June 27. The Russians silenced the two Japanese batteries but the Japanese brought up a train of big guns and silenced the lighter Russian artillery, which was again running out of ammunition, and the Russians were once more forced to retire. The Japanese cavalry and infantry, threatening to surround the Russian outposts, forced a general retreat.

The Russians carried off all their guns and got revenge on the Japanese cavalry column, which was in close formation, and was shelled with terrific effect, being forced to scatter.

## IN SOCIAL CIRCLES.

Brilliant Reception Given by Miss Roberta Cox in Honor of the Bride-Elect Miss Wormald.

One of the most brilliant social functions witnessed in Maysville in years was the reception given last evening by Miss Roberta Cox in honor of Miss Marian Wormald and Prof. Ellsworth Regenstein who are to wed to-morrow evening. The receiving line was made up of the bride and groom, consisting of the bride and groom to be, Miss Roberta Cox, Miss Harriet Collins, Rev. R. E. Moss, Mr. Frank Wormald and Mr. H. C. Curran.

The reception began promptly at 8 o'clock and closed at 10. During that time over a hundred guests came and went.

Miss Cox had her beautiful home artistically decorated, and the soft lights, coupled with the delightful music rendered by Prof. Bullet and Miss Lida Berry, gave a charm to the occasion which could not well have been surpassed.

An exhilarating punch bowl in the hall and elegant refreshments in the dining room bespoke the hospitality of the hostess and added to the pleasure of the guests.

When the happy couple in whose honor the brilliant affair was given and their friends who were present look back into the kaleidoscope of memory they shall note no brighter bits of color than those which the events of the evening shall cast upon the glass, nor shall they ever know truer or more devoted friends than their hostess and her parents, Senator and Mrs. Wm. H. Cox.

## THEY ARE HELD UNDER BOND.

Capt. Van Schaick, of the Vessel, Held to Be Criminally Responsible, Also Capt. Pease.

The Charge in Each Was Manslaughter in the Second Degree—Bail Was Fixed at From \$1,000 to \$5,000.

New York, June 29.—The coroner's jury in the Slocum inquest has returned a verdict finding:

The immense loss of life on the General Slocum was due to the misconduct of the directors of the Knickerbocker Steamship Co. That Capt. Van Schaick is criminally responsible. That Capt. Pease, of the Grand Republic, as captain of the steamship fleet, is criminally responsible in that he failed to properly equip the Slocum with fire apparatus. That Mate Flanagan acted in a "cowardly manner." That the action of Inspector Lundberg should be brought to the attention of the federal authorities.

Coroner Berry has issued warrants for the arrest of the directors and officials of the Knickerbocker Steamship Co. Inspector Lundberg and Mate Flanagan have been held in \$1,000 bail each.

The charge in each was manslaughter in the second degree. Bail was fixed by the coroner in amounts varying from \$1,000 to \$5,000.

When the assistant district attorney moved that warrants be issued after the verdict had been given, Mr. McManus, counsel for the steamboat company, protested that such procedure was unnecessary as all the men were ready to appear and give bail when called for. The protest was of no avail.

The mate, Edward Flanagan, who was under detention as a witness, was the first arraigned. He pleaded not guilty and his bail was fixed at \$1,000. No bondsman being on hand he was committed to jail.

Inspector Lundberg plead not guilty and was released on \$1,000 bonds.

Bail was fixed at \$5,000 each for President Barnaby and Secretary Atkinson and bonds were furnished at once.

Capt. Van Schaick is a prisoner in the Lebanon hospital. Capt. Pease may not be arrested until Wednesday when it is expected that the directors of the company will also be taken into custody. At the assistant district attorney's request the coroner committed the assistant engineer, Edwin Brandon, and the deck hands, Cookley and three men, as witnesses, sending them to the house of detention.

Our new store increased our Linen reputation. Not that the old linen store was less worthy in qualities or price—but it couldn't show its goods properly and didn't have space to adequately prepare movements of special interest. For several seasons linen has been advancing and more and more mercerized cotton has been used to keep prices down. But of one thing be assured cotton mixtures find no entrance to this stock, and we rely on orders, placed often twelve months in advance, to keep prices lower than elsewhere. As proof—

Cream Table Damask, 64 in. wide. Pretty patterns, some with match Napkins, 68c. yd.

Paris authorities should employ a few detectives to run down the thieves who are making such frequent raids in the Bourbon capital. ### ALMOST UNANIMOUS.

The Vote Tuesday Shows Overwhelming Majority For the Fifth and Sixth Ward Sewer.

The vote Tuesday on the question of issuing \$12,000 worth of bonds to construct a sewer in the Fifth and Sixth wards was almost unanimous in favor of the proposition. In the Second and Third wards, which represent the sentiment of the business interests of the city to a larger degree probably than any other ward in the town, only eight votes were cast against the bonds—five in the Second and three in the Third. The Sixth also shows only five votes against it. The total vote against the proposition is only 54, to 867 for it.

The result is certainly gratifying to every one who has the future welfare of Maysville at heart. The vote Tuesday insures not only the construction of the sewer, but also the erection of the big tobacco plant at the corner of Third and Union streets.

Following is the result by wards:

WARDS.	Yes	No
First.....	104	18
Second.....	111	5
Third.....	137	3
Fourth.....	151	13
Fifth.....	142	10
Sixth.....	179	5
Total.....	867	54
Majority.....	413	

The Fifth ward shows the largest vote for the proposition, with the Sixth a close second.

### WHAT IS CATARRH?

Hyomei Only Guaranteed Cure for This Common and Disagreeable Disease.

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the mucous membrane and effectually drives this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the throat, bronchial tubes or tissues of the lungs.

offensive breath  
dryness of the nose  
pain across the eyes  
pain in back of the head  
pain in front of the head  
tendency to take cold  
burning pain in the  
throat  
hawking to clear the  
throat  
pain in the chest  
a cough  
stitch in side  
loss of flesh  
variable appetite  
low spirited at times  
raising of frothy mucus  
cough worse nights and  
cough  
expectorating yellow  
matter  
difficulty in breathing  
frequent sneezing  
huskiness of voice  
discharge from the nose  
stoppage of the nose at  
night  
aching of the body  
the drooping in the throat  
mouth open while  
sleeping  
the tickling back of the  
throat  
the formation of crusts in  
the nose  
dryness of the throat in  
the morning  
loss of strength  
spasms of coughing  
cough short and hack-  
ling  
cough worse nights and  
morning  
yellow loes in vital force  
a feeling of tightness  
across the upper part  
of the chest

Hyomei will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete.

This is a strong statement but J. Jas. Wood & Son emphasize it by agreeing to refund your money if Hyomei does not cure.
